Professional Development Workshop Series in Earth and Environmental Science

Rocks (the teaching pack-rock kit) & Plate Tectonics

School: Pyramid Hill College, Pyramid Hill Vic

Meeting Room: front office will direct attendees to meeting room

Date: Thu 30 March 2023, 3:30pm-6:00pm, PD for Primary & Secondary School teachers

Rocks & Plate Tectonics

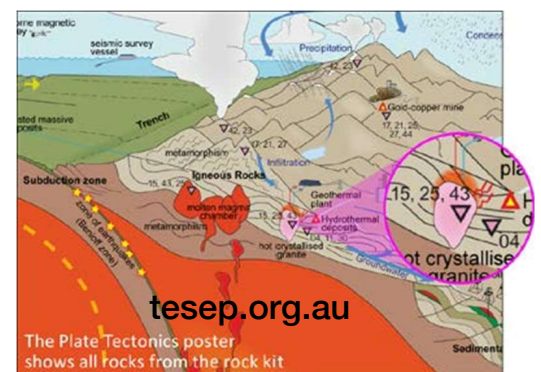

School Facilitator: Lizzie Fox

The RocksExpo experience includes:

1. **Incursions** – classroom lessons with students and teachers.
2. **PD workshops** – professional development workshops for teachers (introducing teaching resources for the school classroom, FREE to host-school teachers).
3. **Certificate of attendance** – A certificate of hours and workshop outcomes will be issued.
4. **Introductory RocksExpo** feature How to Use the Rock Kit and Teaching Pack (e.g. how to relate rock kit rocks to rock stories, 3D rendered samples, virtual thin sections and virtual outcrops).
5. **Subsequent RocksExpo** topics can be chosen from TESEP's "The Challenging Earth" series (to be run once a year at host schools).
6. **Excursions** – possible trip to field outcrops, mine sites, minerals museums etc.

Presenters:

Rob Kirk is a keen palaeontologist geologist, who has worked in industry as a consultant, travelling the world. His work in several states gives him many rock stories and samples to share.
